## YouTube

Are you looking for some fun now that you know how to use the Internet? Well, YouTube has you covered. YouTube is a website on the Internet where you can watch millions of free videos, ranging from sports, to recordings of operas or concerts, to humorous pranks! Whatever you are in the mood to watch, simply type it in on YouTube.

1. Open your web browser.
2. Type in [www.youtube.com](http://www.youtube.com).
3. On the top of the screen, click on the search bar to type in what you want to watch:

The image shows a screenshot of the YouTube homepage. At the top, there is a search bar highlighted with a red rectangular box. A large red arrow points from the right side of the page towards the search bar. Below the search bar, the page is divided into several sections: 'What to Watch', 'BEST OF YOUTUBE' (with sub-sections like Popular on YouTube, Music, Sports, Gaming, Education, Movies, TV Shows, News, Live, and Spotlight), and 'Recommended' videos. The 'Recommended' section displays a grid of video thumbnails with titles and view counts. At the bottom, there is a 'YouTube Mixes' section.

4. After every video, there will be search suggestions for related videos. Try one out for yourself and see!
